

Wenzheng Wang

Nationality: Chinese | **Date of Birth:** [28/08/2003]
Address: Hermann-Wandersleb-Ring 6, Bonn, Germany
Email: s36wwang@uni-bonn.de | Phone: +49 015236788973

EDUCATION

Bonn University <i>M.Sc. in Pure Mathematics (Ongoing)</i>	Bonn, Germany Oct 2024 – Present
--	--

- **GPA:** 1.3 (Sehr Gut)
- **Thesis:** Conditional Stability Estimate for Geodesic X-ray Transform
- **Supervisor:** Dr. Jan Bohr
- **Thesis Description:** Proved $H^{-1/2}$ conditional stability estimates for the geodesic X-ray transform on tensor fields using microlocal analysis and pseudodifferential operator theory. Extended the results to scalar- and matrix-weighted transforms on simple Riemannian manifolds, establishing a unified framework for stability in tensor tomography.

University of Science and Technology of China (USTC) <i>B.Sc. in Mathematics</i>	Hefei, China Sep 2020 – Jun 2024
--	--

- **Overall GPA:** 3.83/4.3
- **Thesis:** Stability and Isolation Phenomena for Yang-Mills Fields
- **Supervisor:** Prof. Yin Hao
- **Thesis Description:** Explored the stability and isolation (gap) phenomena of Yang-Mills connections as critical points of the Yang-Mills functional. Analyzed the second variation of the energy functional and applied Bochner techniques to study the conditions under which self-dual connections are isolated within the moduli space.

Shijiazhuang No.1 High School <i>High School Diploma</i>	Shijiazhuang, China Sep 2018 – Jun 2021
--	---

- Admitted to the **School of the Gifted Young** at USTC in 2020 through a highly competitive early admissions program.
- Completed high school graduation requirements in 2021 concurrently with undergraduate studies.

RESEARCH & PROJECTS

Undergraduate Innovation and Entrepreneurship Training Program May 2022 – May 2023

Advisor: Prof. Yin Hao, Department of Mathematics, USTC

- **Program Name:** Riemann surface and holomorphic vector bundles
- **Description:** Studied and classified Riemann surfaces and holomorphic vector bundles on Riemann surfaces.

TEACHING EXPERIENCE

Teaching Assistant | *Department of Mathematics, USTC*

- **Mathematical Analysis III** (Fall 2023): Responsible for exercise classes of 80 students; assisted with grading.
- **Mathematical Analysis II** (Spring 2023): Responsible for exercise classes of 120 students; assisted with grading.

ACADEMIC ACTIVITIES

- | | |
|--|-----------------|
| • The Dynkin Classification , Ruhr-Universität Bochum | Mar 2025 |
| • Algebraic Geometry Summer School , SCMS Shanghai | Jul 2024 |
| • Geometric Analysis Summer School , USTC | Jul 2024 |
| • Differential Geometry Summer School , Peking University | Jul 2022 |

HONORS & AWARDS

- | | |
|--|-----------|
| • Excellent Student Scholarship - Silver (Top 10%) | 2022–2023 |
| • Excellent Student Scholarship - Bronze (Top 20%) | 2020–2021 |

SKILLS & Hobbies

- **Languages:** Mandarin (Native), English (Fluent)
